

Community Partner Welcome Pack

Working together to end food poverty in Leeds

Why Partner with Us?

Leeds FAN collaborates with businesses, schools, churches, and public services to expand the reach of food support.

Partnerships help us scale our impact, offer more locations, and better serve the people who rely on us.

Ways You Can Help

- Host a food collection point
- Sponsor transportation or logistics
- Organise staff volunteer days
- Share space for pop-up distribution events

Branding & Promotion

Partners are encouraged to use our co-branded materials to raise awareness.

We provide logos, posters, and templates for social media and internal communications.
